About the College

Named apparently after Biswanath temple, one of the famous as well as oldest temples in the north-eastern part of India, Biswanath College has a heritage that goes back to more than 60 years, and it occupies a place among the premier seats of higher learning on the north bank of the river Brahmaputra. Located in an ideal setting, the College, grown from a humble beginning, is all set to realize its potential as a seat of academic excellence in the years to come. The College embarked upon its journey in 1960 when the north-eastern part of our country, former greater Assam, was considered to be a backward province in every sphere of life. But eminent scholar Sadananda Chaliha as long-serving principal with his keen interest in education took the College to newer heights of excellence. In the course of time the College has become a place of eminence in the realm of learning and academic proliferation.

Bounded by the river Borgang in the east, river Ghiladhari in the west, the Himalayas in the north and the river Brahmaputra in the south, Biswanath is one of the most important places in Assam in general, and in the district of Biswanath in particular if taken into account its historical significance. Having contributed significantly to the academic and cultural life of the north bank of the river Brahmaputra, Biswanath College has carved a niche for itself in the sphere of higher education in Assam. The college came into existence on 7th September, 1960 through the untiring efforts of the magnanimous people of the place in general, and of Naazibur Rahman, the then executive engineer in the PWD department, Assam, in particular. Now Biswanath Chariali (in the past the name of the place was just Biswanath) is one of the fast-growing cities in Assam.

Biswanath College is the brainchild of the socially conscious benevolent people of the locality with thirst for knowledge and strong desire for manifestation of education among masses. Their resourcefulness, sense of resilience and willpower were bolstered by a host of people of the locality who worked behind the scene with a mission at heart for this College. Biswanath College was brought under deficit system of grant-in-Aid by the Govt. of Assam on 01-04-63.

The science stream was introduced with the beginning of Pre-University classes under Gauhati University in the year 1970 with 46 students. Degree courses in science subjects started from 1976. The science section was brought under deficit system of grant-in-Aid on 01-01-78. **The College was brought under provincialised system by Govt. of Assam in 2005.**

Today the college has honours courses in 13rd subjects, a team of competent and committed teachers, a rich library and an environment conducive to teaching and learning. The College is planning to introduce different job-oriented vocational courses. The centre of Open and distant learning is offering under graduate and post graduate programmes under GUIDOL and KKHSOU. The Faculty of Commerce and Computer application were introduced in the College in 2012 and 2017 respectively.

The college has been accredited with 'B' grade by NAAC (National Assessment & Accreditation Council) during its third cycle of assessment and accreditation in March, 2022.

MISSION OF BISWANATH COLLEGE :

To impart higher education for the development of human resource and producing responsible citizen with a clear aim to cope with the changing global environment.

From The Principal's Desk

It is my pleasure to welcome you all to Biswanath College,.....

As we all know the current scenario has been quite challenging because we have somehow been able to overcome the menace of Covid-19. Let us not lose hope and wish for a brighter time ahead. As Martin Luther King Jr. said "We must accept finite disappointment, but never lose infinite hope".

Biswanath College which is Assam's leading premier Institution has set specific objectives and planned activities for achieving excellence in all spheres of education. The laboratories, classrooms etc have been designed as per the needs of the students. There are also good collection of reference books, textbooks and journals to cater to the various academic needs. For holistic development of students, we organise Guest Lectures, Industrial Expert talks, Workshops, Seminars and various Training programmes along with mandatory university prescribed syllabus. Our aim is to prepare academically rich and professionally competent students who can contribute in building up a self-reliant India in the coming times. In addition to the academics, the students are engaged in sports and cultural activities too in order to provide a healthy relief from rigorous routine. With experienced and dedicated faculties as well as excellent infrastructure, our college helps students to realise their goals in life. Our sincere staff deserves all the credit of our success year after year. I encourage all the students to take advantage of the opportunities provided by the college and involve themselves in all the extracurricular activities by availing of the sports ground, gymnasium, training on cultural activities provided by the college.

The college completed sixty years of its glorious existence in 2020 and it gives me pleasure to make a special mention that the United Nations Academic Impact offered membership citation to our college during the year of celebration of Diamond Jubilee of the college.

As we step into the new academic session, filled with hope and dreams of soaring new heights, I wish to reiterate the importance of a few things that students need to keep in mind. Remember hard work, dedication and perseverance are the most important traits in a person that leads to success in life. The future belongs to you; your need, therefore, is to prepare yourself for an active participation in the world. Learn to enjoy hard work, particularly your studies. Think wisely, think systematically. Always keep in mind the importance of planning and prioritizing your time and the effective use of it which are essential to achieve success. Preserve our heritage and environment for yourself as well as for your next generation. Be a good human being above all. Parents should remember that children should not be forced, but should be guided to achieve whatever goals they may have in their minds in an easy and pleasing manner, so that we may be able to discover the particular touch of genius in each one of them.

Personally, I am grateful and elated to continue this journey with you as your Principal. Over the past two years, I have had a chance to meet many of you and your parents, and look forward to continuing building a strong relationship with all of you in the times ahead!
Happy Learning!!!

Examinations, Evaluation and Grading

Examinations

Examinations, whether internal or external, theory or practical, would be counted separately for the purpose of considering a student passed or failed.

- If a student does not appear in a paper (internal or external, theory or practical) in an examination, the student will be considered failed in that paper. Any paper where a student fails will be called an 'Arrear' paper of that student.

In case a student fails in any one or more papers in an end semester examination, she/he can appear in all the papers in which she/he failed.

- A student having 'arrear' in external examination, either in theory or practical papers, shall be allowed chance to clear the same in the next available end-semester examinations, with the following restrictions :
 - No student will be allowed to appear in the first and fifth semester examinations simultaneously.
 - No student will be allowed to appear in the second and sixth semester examinations simultaneously.
 - The first and the fifth semester examinations will be held simultaneously, while the third semester examination will be held separately. Similarly, the second and the sixth semester examinations will be held simultaneously, while the fourth semester examination will be held separately.
- A student may be allowed once to reappear in any one of the honours theory papers in each of the first, second and third semesters for betterment of marks if the candidate secured 'pass marks' in all papers. Students will be allowed to reappear only in the next similar examination. Marks obtained either in the earlier examination or in the subsequent examination, whichever is higher, will be awarded to the student.
- No betterment will be allowed in internal and practical examinations in any semester.
- A student must pass all her/his semester examinations, including 'arrear' and 'betterment' chances within six years from the date of admission to the first semester. In this context, six years means six academic sessions. In the event of a student failing to do so, she/he will have to take fresh admission in the first semester. Subject to the said condition, a student who could not appear or who failed in any semester examination will be allowed chance to clear the same as follows :
 - i. First semester with regular third semester examination.
 - ii. Second semester with regular fourth semester examination.
 - iii. Third semester with regular fifth semester examination.
 - iv. Fourth semester with regular sixth semester examination.
- There shall be no scope for a student to appear as Private Candidate in any course.
- Schedule : The schedule for examinations will be as per the concerned Academic Calendar. The exact dates of examinations and related information will be notified by the office of the controller of Examinations, Gauhati University.

Evaluation : A student's performance will be evaluated throughout the year based on continuous assessment. Evaluation of the student's performance in each semester for every course/paper will be based on the following.

- Internal Assessment (IA)
- End Semester Examination (ESE)

For a student to pass in a course/paper, she/he has to pass in both Internal Assessment and End Semester Examination separately.

Internal Assessment (IA) : IA will ideally account for 20% of the total marks allotted to a course/paper. For evaluating the performance of the students in a continuous way, the following measured will be adopted for distributing marks earmarked for IA.

- Sessional or mid-term examination will be conducted for 50% of the total marks allotted for IA of a course/paper. (for example, if 20 marks is allotted for IA of a course/paper, then 10 marks will be kept aside for assessment in sessional or mid-term examination. The sessional examination will be held for 30 marks for the convenience of setting questions and covering the syllabus and the marks secured by the students will be proportionately converted to be out of 10 marks. Duration of the examination will be on hour. The question papers of the sessional or mid-term

examinations will be set by the concerned teacher(s) and the evaluated answer scripts will be shown to the students and corrections will be made, if any.

- 20% of the marks allotted for IA will be awarded to the students based on class attendance. If the total marks for IA is 20, then 4 marks will be awarded to the students based on class attendance. The following criteria will be adopted for awarding marks under this category:
 - a) Class attendance for 76% to 80% 1 mark;
 - b) Class attendance from 81% to 85% 2 marks;
 - c) Class attendance from 86% to 90% 3 marks;
 - d) Class attendance from 91% and above 4 marks.
- Rest 30% of the marks allotted for IA will be distributed and awarded on the basis of performance of the students on the following criteria :
 - a) Home assignments;
 - b) Seminar/Group discussions;
 - c) Field work;
 - d) Performance in co-curricular and extra-curricular activities.

End Semester Examination (ESE) :

The ESE will comprise of 80% of the total marks earmarked for a course. The ESE shall be of three hours duration for a course whose ESE component exceeds 50 Marks. For a student to pass in a course/paper, she/he has to pass in both Internal Assessment and End Semester Examination separately.

For odd semesters, ESE will be held in the month of November and for the even semesters, the examination will be held in the month of May.

Pass Marks

- The pass marks will be as follows :
 - Theory paper : 30%
 - Practical paper : 40%
- A student must pass in both internal and external examinations of a paper (theory and practical) separately if he/she has to pass in that paper. Passing a UG course in any subject does not automatically imply qualifying in Honours, if any.
- The following rules will apply for the Bachelor Degree in any subject with Honours.
 - Simple pass : 30% to 39% marks in aggregate, i.e., from CGPA 4.00 to less than CGPA 5.00
 - Pass with Honours : 40% marks or above in aggregate in Honours subjects, i.e., minimum of CGPA 5.00
 - In case a student with Honours in any subject secures less than 40% marks in aggregate (i.e CGPA less than 5.00) but 30% or above in the Honours Subject, she/he shall be declared 'Simple Pass'.
 - In case of project works or dissertation, it shall be a separate paper with separately allotted marks and cannot be treated as part of any other theory paper. Pass mark for project work or dissertation will be 50%.

Number of Attempts

- A Student who has completed a semester may be allowed to proceed to the next semester, irrespective of the number of papers in which she/he failed.
- In order to complete an UG degree, a student must obtain pass marks in all the papers prescribed.
- A student having failed to fill in his examination form in the first semester may be allowed to appear in the second semester if all other eligibility criteria are fulfilled.

MEMBERSHIP OF NATIONAL AND INTERNATIONAL BODIES

A) Biswanath College - A Recognised Member Institute of United Nations Academic Impact

Biswanath College became a member institution of United Nations Academic Impact in January 2020. Biswanath College, since its formative years has committed to various UNAI principles such as commitment to the United Charter, human rights, educational opportunity for all, sustainability, addressing poverty etc. With these promises and activities towards promoting sustainable development goals, Biswanath College has been able to get membership citation from United Nations Academic Impact. The biggest advantage of being a member of the UNAI is the prestige that comes with it. With the membership in UNAI, Biswanath College has been selected to be a part of United Nations, the political body that is most directly responsible for managing global and international affairs and maintaining the peace.

B) Biswanath College - A Member of MHRD's Institutions Innovation Council

MHRD's Innovation Cell is an initiative with the mandate to work closely with Higher Education Institutions (HEIs) of India to encourage the creative energy of student population to work on new ideas and innovation and promote them to create start-ups and entrepreneurial ventures. This program was inaugurated on 21st November 2018 at AICTE HQ New Delhi by Honorable Minister of HRD and since then a network of 950+ Institution's Innovation Council has been established across country. As a part of MHRD's Innovation Cell, the Institution's Innovation Council was formed at Biswanath College in November 2019 and it was approved by MHRD's Innovation Cell on November 5, 2019. The council, since its formation, has been conducting numerous activities in the campus in order to create an eco-system which will encourage, inspire and nurture young students by exposing them to new ideas and processes resulting in innovative activities in their formative years.
